KNOWLEDGE TO ACTION

Knowledge to Action (K2A) is an EFI publication series bringing a wide range of research, projects and initiatives on forest-related issues closer to society. ***Knowledge to Action*** complements the existing EFI series, ***What Science Can Tell Us*** and ***From Science to Policy***.

The European Forest Institute is an international organisation established by European states. EFI conducts research and provides policy advice on forest-related issues. It facilitates and stimulates forest-related networking and promotes the dissemination of unbiased and policy-relevant information on forests and forestry. It also advocates for forest research and for the use of scientifically sound information as a basis for forest policies.
