

European Forest Institute

Grant process G-04-2023

Establishing Climate-Smart Forestry and forest restoration pilots in Europe

Questions and answers

Published 15 September 2023

#	Question	Answer
1.	Is there a possibility to apply to more than one call and one project by institution?	It is possible for an entity to participate in more than one application.
2.	I would like to ask if part of the grant (140,000 euros) could be used to measure the field trials after the end of the project, (August 2025).	The grant is awarded to the Beneficiaries to implement the project.
3.	In the announcement of the call from 31.7.2023 (https://efi.int/news/funding-call-open-establishing-climate-smart-forestry-pilots-2023-07-31) you mention that further calls will be launched during the duration of FORWARDS. Will applying for and/or eventually getting a project in call G-04-2023 impact the availability (personally or as an institution) for further calls within FORWARDS? (I read in the Q&A from September 1 st that you cannot answer questions regarding future calls, I still hope that you can answer this rather general question).	We cannot provide information on possible future calls.
